DIVE THE OTHER SIDE OF KALYMNOS

Clear water, sea caves, reefs, underwater history and a living sponge-diving tradition

Boat trips, caves and Kalymnos coastline adventures

A local diving club for visitors who want more than a beach day.

Kalymnos Diving Club offers guided underwater experiences around Kalymnos and nearby islands. Dive into reefs, walls, caves, caverns and wreck areas in the clear Aegean water, with activities for beginners, certified divers, kids and groups.

WWII UNDERWATER HISTORY

Guided dives may pass World War II-era objects such as aircraft-engine remains and other historic underwater relics. View only - never touch or disturb.

CAVES + CANYONS

Explore open caves, closed caves and underwater canyon features when sea conditions and guide assessment allow.

REEFS + NIGHT DIVES

Reef dives, experienced dives and night dives for a different view of the Kalymnos underwater world.

DAY TRIPS + SNORKELING

Boat excursions, snorkeling, dolphin-focused trips and private cruise options on demand.

SPONGE-DIVING HERITAGE

A traditional Kalymnian story brought to life above and below the water

Traditional helmet-diving demonstration

Skafandro heritage on board

The skafandro experience

Kalymnos is famous for its sponge-diving heritage. Kalymnos Diving Club connects modern diving with that history through traditional sponge-diving demonstrations and helmet-diving experiences. It is part sea activity, part living museum, and part local story.

- Traditional sponge-diving demonstration / trip back in time
- Helmet-diving experience with skafandro equipment
- A memorable rest-day activity for climbers, families and island visitors
- Photos and storytelling that connect the activity to Kalymnos culture

- Underwater works and professional services

Training

- American Nitrox Divers International (ANDI) training
- Scuba training certification
- Training levels 1 to 5
- Lifeguard training

Book your dive

Phone / WhatsApp: +30 693 875 5896

Email: dimitris.nistazos@gmail.com

Location: meeting point at the Grotta DeliCafe

Ask about pickup, sea conditions, current schedules, prices and which dive is right for your level.

Safety note: dives depend on weather, sea conditions, diver experience and instructor approval. Historic objects are view-only.
